

SO YOU *THINK* YOU KNOW MICKEY.

You buy your sideloading bodies & trailers, and dry freight van bodies from Mickey because you know we make the best in the business, and that we offer greater value and better customer service than any other manufacturer serving your industry. If you're delivering a beverage or snack food in the U.S., there's an excellent chance that you're loading a Mickey unit every day. In fact, if you're delivering any soft drink, beer or bottled water brand in any one of 50 countries around the world, you probably know Mickey.

BUT DO YOU *REALLY* KNOW MICKEY?

DESIGNED TO WORK
BUILT TO LAST

1 Mickey is the exclusive supplier of vending bodies to the largest vending machine operating company in the U.S.

3 The No. 1 automotive replacement battery brand in North America is delivered only on Mickey bodies.

2 The largest marketer of propane gas and services in the U.S. gets its tanks and other equipment to over 2 million customers on Mickey bodies.

4 The second largest ambulance builder in the country, with a market share over 20%, has been purchasing its modular ambulance bodies exclusively from Mickey for nearly a quarter of a century.

5 Mickey is the largest manufacturer of moving and furniture vans in the country.

6 Those world famous creme-filled sandwich cookies you like to snack on were probably delivered to your favorite store on a Mickey dry freight van body.

7 Mickey is supplying custom-engineered data trailers and vans; chemical van units; and control cabins for use at drilling sites by some of the major players in the oil and gas industry.

8 Mickey owns and operates the only nationwide network of full-service Reconditioning & Service Centers in the truck body and trailer manufacturing business.

9 Mickey stocks a complete line of all major parts for most makes and models, even competitive units, which can be available for same-day shipping.

10 Mickey buys and sells all makes and models of used delivery equipment.

To learn more about our completely automated manufacturing facilities and equipment, our products and our people, visit www.mickeybody.com.

Mickey Truck Bodies has been in business since 1904, and for that entire time we have been privately owned and operated by the Mickey family. Four members of the Mickey family are active in the day-to-day running of the company, including the President/CEO; Executive Vice President; Manufacturing Manager; and Marketing Manager.

We don't just design bodies and trailers, we design solutions.

Now you know the REAL Mickey!

Mickey Truck Bodies is the most versatile manufacturer of specialized truck bodies and trailers in the world, with a customer base that reads like a “who’s who among global brands.” Leading companies across dozens of industries — from beverage to battery, from furniture to fuel, from snack foods to fast foods — deliver their products in Mickey bodies and trailers.

Our manufacturing approach, which is the same for every type of unit we build, is centered on a unique “Service Delivery Model” that combines engineering expertise with a century-plus of vehicle manufacturing innovation. The process starts with a clear understanding of the customer’s business objectives and a detailed assessment of the vehicle’s operational environment. We do not employ a “one-size-fits-all” approach to manufacturing.

Our engineering and manufacturing technology and capabilities enable us to build any product you need today, and to meet your needs as they change or expand in the future. We will always manufacture **EVERYTHING** you need to handle **ALL** of your needs.

Before you make your next purchasing decision on any piece of equipment, please:

Get to know the real Mickey! It will be a lesson well learned.
